If anything, you just provided further proof of how horribly slow they are at software development and maintenance.. Why not Change Line Spacing In Onenote How To Address ThisI dont want to join their beta program, I want to know how to address this problem that EN has had for quite a few years.. Why would you defend such poor performance It makes you look foolish As a power user Ive had to read through forum posts, Google fixes and generally work reasonably hard to get to a place where I can use Evernote reasonably effectively in my daily activity.. EN may not be a word processor, but it is a note taking program As such, I should be able to format the notes in the way I want. Free Download Mp3 Kobe Dokter Cinta
